\*For design technology pupils will be set weekly homework tasks.

\* Art, music and drama homework will include regular set elements as well as other tasks that are by necessity more flexible and will be set as appropriate.

\*It is an expectation that where pupils have the opportunity they use home learning time to produce revision resources such as cue cards, mind maps or online revision resources such as <https://senecalearning.com> to test their subject knowledge and understanding in preparation for GCSE exams.
